Department of Forestry: Youth Employment Opportunities 2025 New Hiring

Description

As a Youth Employee in the Department of Forestry, you will have the opportunity to work on various projects and initiatives aimed at promoting sustainable forestry practices, biodiversity conservation, and environmental awareness. You will be an integral part of our dedicated team, gaining hands-on experience in forestry management, research, and community engagement.

Responsibilities

1. Forest Management Support:

- Assist in the planning and implementation of sustainable forestry practices.
- Participate in field assessments and data collection to support forest management initiatives.

2. Biodiversity Conservation:

- Contribute to the preservation and enhancement of biodiversity within forested areas.
- Support initiatives focused on the protection of endangered plant and animal species.

3. Community Engagement:

- Collaborate with local communities to raise awareness about sustainable forestry and environmental conservation.
- Assist in organizing and participating in community outreach programs and events.

4. Research and Development:

- Engage in research activities related to forestry and environmental science.
- Contribute to the development of innovative solutions for sustainable resource management.

5. Training and Development:

- Participate in training programs to enhance your skills in forestry, environmental management, and related fields.
- Work closely with experienced professionals who will mentor and guide you in your career development.

Qualifications

- A passion for environmental conservation and sustainable forestry practices.
- Minimum educational requirement: High school diploma; additional relevant coursework or degrees are a plus.
- Strong communication and interpersonal skills.
- Ability to work collaboratively in a team and adapt to various tasks.
- Willingness to learn and contribute to the department's objectives.
