Dis-Chem: Nail Technician Learnership Programme 2025 | 2026

Description

As a Nail Technician Learnership participant at Dis-Chem, you will embark on a structured learning experience aimed at developing your skills and knowledge in nail care, beauty techniques, and customer service. Under the guidance of experienced professionals, you will gain hands-on experience and theoretical knowledge required to excel in the beauty industry.

Responsibilities

- Participate actively in theoretical and practical training sessions related to nail care, manicures, pedicures, and various nail enhancement techniques.
- Learn and apply proper sanitation, hygiene, and safety procedures in compliance with industry standards.
- Assist in providing high-quality nail services to clients while maintaining a professional and friendly demeanor.
- Engage with customers, understand their preferences, and offer expert advice on nail care and products available at Dis-Chem.
- Collaborate with the beauty team to ensure a clean, organized, and inviting nail care section within the store.
- Complete assigned coursework, assessments, and evaluations as part of the learnership program.

Qualifications

- Enthusiasm and passion for pursuing a career as a Nail Technician.
- Minimum Grade 10 or equivalent qualification.
- Strong interest in beauty and wellness with a desire to learn and develop new skills.
- Excellent communication and customer service abilities.
- Ability to work effectively both independently and as part of a team.
- Commitment to adhering to health, safety, and hygiene regulations.

Job Benefits

- **Training and Development:** Comprehensive training in nail care, techniques, and customer service under the guidance of experienced professionals.
- **Hands-On Experience:** Opportunity to gain practical experience working in a retail environment within Dis-Chem's beauty department.
- **Mentorship:** Guidance and support from seasoned professionals in the beauty industry to enhance learning and skill development.
- **Industry Insights:** Exposure to industry best practices, trends, and product knowledge related to nail care and beauty.
- **Certification:** Possibility to obtain certification or accreditation upon successful completion of the learnership program.
- **Career Growth:** Potential for career advancement within Dis-Chem's beauty and wellness department based on performance and dedication.
