EnviroServ: Internship Latest Opportunities 2026 | 2027

Description

EnviroServ is a leading environmental services company dedicated to providing sustainable solutions for waste management, recycling, and environmental protection. With a commitment to innovation and excellence, EnviroServ strives to create a cleaner, healthier planet for future generations.

EnviroServ is seeking motivated and enthusiastic interns to join our team. This internship offers a unique opportunity to gain hands-on experience in the environmental services industry, working alongside experienced professionals on projects that make a real impact. Interns will assist in various aspects of our operations, including waste management, recycling programs, environmental compliance, and sustainability initiatives.

Responsibilities

- Assist in the implementation and monitoring of waste management and recycling programs.
- Conduct research and data analysis on environmental policies, regulations, and best practices.
- Support environmental compliance activities, including site inspections and audits.
- Participate in sustainability initiatives and projects aimed at reducing the company's environmental footprint.
- Prepare reports, presentations, and documentation related to environmental projects.
- Collaborate with team members on various projects and tasks as assigned.
- Engage in community outreach and education efforts to promote environmental awareness.

Qualifications

- Currently enrolled in or recently graduated from a degree program in Environmental Science, Environmental Engineering, Sustainability, or a related field.
- Strong interest in environmental issues and sustainability.
- Excellent research, analytical, and problem-solving skills.
- Proficiency in Microsoft Office Suite (Word, Excel, PowerPoint).
- Strong written and verbal communication skills.
- Ability to work independently and as part of a team.
- Detail-oriented and organized with the ability to manage multiple tasks.
- Previous internship or volunteer experience in the environmental field is a plus.
