GIBB: YES Internships 2025 Apply online

Description

GIBB is offering an exciting internship opportunity through the YES (Youth Employment Service) initiative aimed at empowering young talents and providing them with hands-on experience in the engineering consulting industry. This internship program is designed to expose interns to real-world projects, mentorship, and learning opportunities within a dynamic and supportive environment.

Responsibilities

- **Project Support:** Assist project teams in various phases of engineering projects, contributing to research, analysis, and documentation.
- **Data Analysis:** Conduct data collection, analysis, and interpretation to support project requirements.
- **Collaboration:** Work closely with experienced professionals and teams, participating in meetings and contributing innovative ideas.
- **Research:** Conduct research on industry trends, regulations, and best practices to support project objectives.
- **Report Generation:** Assist in preparing reports, presentations, and technical documents under guidance.
- **Learning and Development:** Engage in continuous learning opportunities, workshops, and training sessions to enhance technical skills and industry knowledge.

Qualifications

- **Education:** Currently pursuing a degree in Engineering, Architecture, or related fields.
- **Skills:** Strong analytical abilities, proficiency in Microsoft Office Suite, excellent communication skills, and a proactive attitude.
- **Passion:** Keen interest in engineering consulting, sustainable development, and making a positive impact in the community.
- **Team Player:** Ability to work collaboratively in a team environment and willingness to learn from experienced professionals.

Job Benefits

- **Professional Development:** Gain practical experience in a leading engineering consulting firm.
- **Mentorship:** Receive guidance and mentorship from industry experts.
- **Networking:** Build professional connections and expand your network within the industry.
- **Exposure:** Opportunity to work on diverse projects and broaden your understanding of engineering consulting.
- **Certificate:** Receive a certificate upon successful completion of the internship program.
