KPMG: Digital Consulting Graduate Internships 2026 New Application

Description

KPMG's Digital Consulting Graduate Internship offers an unparalleled opportunity for talented and ambitious individuals to gain hands-on experience and insight into the world of digital consulting. This internship is designed for recent graduates who are passionate about leveraging technology and innovation to solve complex business challenges faced by our clients across industries.

Responsibilities

- Collaborate with teams to support digital transformation initiatives for clients.
- Assist in conducting research, data analysis, and preparing reports to identify digital opportunities and challenges.
- Contribute innovative ideas and solutions to address client needs in the digital space.
- Participate in workshops, client meetings, and presentations to gain exposure to real-world consulting scenarios.
- Work closely with senior consultants to execute digital strategies and implementations.
- Assist in the development and execution of digital projects, including process optimization, technology adoption, and digital experience enhancement.

Qualifications

- Recent graduate or final year student pursuing a degree in a relevant field such as Business, Computer Science, Information Technology, Engineering, or a related discipline.
- Strong interest in digital technology, emerging trends, and their business implications.
- Excellent analytical, problem-solving, and communication skills.
- Ability to work collaboratively in a team environment and contribute innovative ideas.
- Eagerness to learn and adapt in a fast-paced consulting environment.
- Prior internship experience or coursework related to consulting, digital transformation, or technology is a plus.

Job Benefits

- This internship is a 3 months program.
- Opportunity to gain hands-on experience and exposure to various digital consulting projects.
- Mentorship and guidance from experienced professionals in the field.
- Competitive compensation and potential for full-time employment based on performance and business needs.
