Marcopolo SA Learnerships 2026 | 2027 New Hiring

Description

The Marcopolo SA Learnership Program is designed to provide dedicated individuals with the necessary skills and knowledge to excel in the field of bus manufacturing and assembly. Successful candidates will undergo comprehensive training, both theoretical and practical, enabling them to contribute to our mission of producing world-class buses.

Responsibilities

- Participate in classroom-based training to gain a solid understanding of bus manufacturing processes, safety procedures, and company policies.
- Engage in hands-on training in our production facilities, including assembly lines and quality control areas.
- Work closely with experienced professionals to learn the intricacies of bus body construction, welding, painting, and quality assurance.
- Adhere to safety protocols and promote a culture of safety within the organization.
- Actively participate in skills development and continuous improvement initiatives.
- Assist in maintaining a clean and organized work environment.

Qualifications

- Matric certificate or equivalent.
- A keen interest in the field of manufacturing and engineering.
- Strong communication and interpersonal skills.
- A proactive and positive attitude.
- Ability to work in a team and follow instructions.
- A willingness to learn and adapt to new challenges.

Job Benefits

- Practical training in a leading bus manufacturing company.
- A monthly stipend to cover basic living expenses.
- Exposure to a wide range of manufacturing processes and skills.
- Career development opportunities for exceptional learners.
- A supportive and inclusive working environment.
