Necsa: Internship [2026-27] Apply Now

Description

Necsa (South African Nuclear Energy Corporation) Group is a leader in the nuclear energy sector, dedicated to advancing nuclear technology for peaceful uses. We are committed to innovation, research, and development, contributing significantly to South Africa's energy needs and scientific advancement.

The Necsa Internship Program offers a unique opportunity for recent graduates and final-year students to gain hands-on experience in the nuclear energy industry. Interns will work closely with experienced professionals, gaining practical skills and insights into various aspects of the field.

Responsibilities

- Assist in research and development projects related to nuclear energy.
- Support the implementation of new technologies and processes.
- Participate in laboratory work, data collection, and analysis.
- Contribute to technical reports and presentations.
- Collaborate with cross-functional teams on various projects.
- Maintain accurate records and documentation.
- Adhere to all safety and regulatory requirements.

Qualifications

- Currently enrolled in or recently graduated from a degree program in Engineering, Physics, Chemistry, or a related field.
- Strong academic performance.
- Excellent analytical and problem-solving skills.
- Effective communication and teamwork abilities.
- Proficiency in Microsoft Office Suite (Word, Excel, PowerPoint).
- Eagerness to learn and a proactive attitude.
- Prior internship or work experience in a related field.
- Knowledge of nuclear energy principles and technologies.
- Familiarity with laboratory equipment and safety procedures.

Job Benefits

- Hands-on experience in a leading nuclear energy organization.
- Mentorship from experienced professionals.
- Networking opportunities within the industry.
- Competitive stipend.
- Potential for future employment opportunities.
