PathCare: Phlebotomy Technician Learnerships [2026-27]

Description

PathCare Academy offers a unique opportunity for learners currently in matric and set to write the NSC exams in 2024. We provide a structured learnership program aimed at training future Phlebotomy Technicians through a combination of theoretical and practical training.

Program Overview

Successful applicants will undergo comprehensive training, including:

- **Theoretical Training:** Conducted at PathCare Academy campuses in Cape Town, Bloemfontein, and Pretoria.
- **Practical Training:** Hands-on experience at various PathCare depots across the country.

This program is designed to equip you with the skills and knowledge required to excel as a Phlebotomy Technician, focusing on both academic and practical aspects of the profession.

Responsibilities

As a Phlebotomy Technician Learnership participant, you will:

- Collect and process blood and body products.
- Work effectively both independently and as part of a team.
- Provide excellent customer service and respond to patient needs.
- Operate under pressure and adhere to rigorous study schedules.
- Work shifts and after hours as needed.

Qualifications

To be eligible for this learnership, applicants must meet the following criteria:

- **Academic Requirements:**
 - June 2024 results:
 - Life Science/Biology: $\geq 50\%$
 - Mathematics: $\geq 40\%$ OR Math Literacy: $\geq 60\%$
- **Personal Requirements:**
 - Must possess a South African ID.
 - Fluency in English (reading, writing, speaking).
 - Basic understanding of Afrikaans (reading, writing).
 - Strong work ethic and willingness to handle blood and body products.
 - Ability to work under pressure and independently.
 - Willingness to work shifts and after hours.

Selection Process

The selection process for this learnership is competitive and will involve:
