Transnet: Graduate Internships 2025 Latest Hiring

Description

The Graduate Internship Programme at Transnet is designed to offer recent graduates an opportunity to gain practical experience through a structured 24-month training program. Interns will work under the supervision of experienced professionals to develop their skills and knowledge in their respective fields. The program aims to align placements with the interns' academic background, career aspirations, and Transnet's business needs.

Responsibilities

- Participate in a structured training program tailored to your academic background and career goals.
- Undergo regular performance reviews and assessments to track progress and development.
- Execute all duties as outlined in your development program, and undertake additional tasks as reasonably required by Transnet National Ports Authority.
- Collaborate with team members and contribute to various projects and assignments.

Available Internship Opportunities:

1. Internship Programme (Ref No: Req1389):

- **Qualifications:** 3-year Diploma/Degree or postgraduate qualification in:
 - Chemical Engineering
 - Project Management
