Transnet: Train Assistant Internships 2025 Apply Here

Description

As a Train Assistant Intern at Transnet, you will play a crucial role in assisting the Train Driver in the safe and efficient handling of various types of trains and locomotives. This includes airbrake, vacuum, high-speed, heavy haul, and passenger trains. Your primary responsibility will be to ensure that freight and cargo reach their destinations on time and in good condition, thereby supporting the organization's goal of meeting customer needs effectively.

Responsibilities

1. **Locomotive Preparation:**
 - Determine the appropriate locomotive for the task based on requirements.
 - Obtain and place necessary equipment on the locomotive.
 - Check and supplement prescribed equipment as needed.
 - Clean the working area to maintain a safe and organized environment.
2. **Locomotive Operations:**
 - Assist with starting up the locomotive according to prescribed procedures.
 - Conduct locomotive brake tests to ensure operational safety.
 - Couple locomotives and prepare them for departure.
 - Sign on duty and dispatch locomotives as per operational protocols.
3. **Communication Equipment Management:**
 - Prepare and ensure functionality of communication equipment, including radios, handsets, walkie-talkies, and telemeters when applicable.
 - Mount telemeters and check their operation if necessary.
4. **Pre-Trip and Safety Checks:**
 - Perform pre-trip preparation of locomotives and trains to adhere to roadworthiness and safety standards.
 - Attach or detach vehicles based on works orders, especially in the absence of yard personnel.
 - Complete vehicle lists and vacuum forms, and mount train indicators.
5. **Inspection and Testing:**
 - Examine the train thoroughly before departure.
 - Conduct brake tests in collaboration with the train driver.
 - Execute shunting activities in sidings and en route to enhance safe working procedures.
6. **Shunting and Handling:**
 - Obtain works orders and perform shunting, placing, and removing trucks according to the orders.
 - Place and clear load/empty trucks at siding locations as required.
